PROFESSIONAL EXPERIENCE

Banque de France (Head Office)

Financial Analyst & Developer - Intern, Finance Department

Feb 2026 - Aug 2026

Paris, France

- End-to-end design and automation of a monthly OPEX/CAPEX steering tool generating dynamic Excel reports distributed to the **9 directors** and the Finance Department
- Deployment of a data hub consolidating 17 distinct financial sources to cut analysis time from one hour to **under a minute**, adopted by **over 60 controllers**
- Ownership and automation of the quarterly governance reporting, eliminating a week of manual collection to generate the strategic materials delivered directly to the **First Deputy Governor**
- Reconciliation and validation of a **1.4 million-line budget history** across the 9 directorates to meet the requirements of a **French Court of Auditors** audit
- Design and delivery of a weekly internal training program over four months (VBA and Python) upskilling **over 15 colleagues**

Crédit Agricole

Data Analyst - Corporate FX Desk - Intern

Jan 2024 - Feb 2024

Reims, France

- Built an interactive tool tracking FX hedges for corporate clients, analyzing notional volumes market revenue and the contract maturity schedule
